"The Monacor WAP-202 is a multiplayer for versatile applications in racks, fixed installations or as an extension for your home system. It is equipped with USB, FM, DAB, LAN, Wi-Fi, Bluetooth, Internet radio, UPnP compatibility and multi-room function. The device impresses with a neat workmanship, fast loading times, excellent usability. [...] Especially in combination with the Undok App for remote control, the tested device can be controlled even more conveniently. The unit also features equalizers, wake-up times and various other settings. It is an interesting candidate for event locations, bars and restaurants or public facilities but also great for your home studio or living room."
